

Season Six

2021 Annual Report

More than ever over the past two years we have had to draw on our fundamental netball skills both on and off the court. Our players and coaches have had to be agile in their training and preparations, while those behind the scenes have had to continue to adjust to the changing requirements associated with the COVID-19 pandemic.

While 2021 was another disrupted season, with the Premier League competition being abandoned after 13 rounds, our teams took this in their stride and continued to be exemplars of our underpinning values of care, commitment and honesty.

Thank you to our players, coaches, managers, volunteers, committee, board, partners and supporters for all your efforts during 2021.

A collaboration between the region's three netball associations to promote the sport and provide pathways from grass roots to elite netball for players, coaches and officials.
